EXPLANATORY MEMORANDUM

1. Introduction

This Explanatory Memorandum has been prepared for the information of Shareholders in connection with the business to be conducted at the Meeting to be held at The Morgan Room, Christie Conference Centre, Level 1, 320 Adelaide Street, Brisbane, Queensland, on Tuesday 15 November 2011 at 11.00am (EST).

Terms and abbreviations used in this Explanatory Memorandum have the meaning given in Schedule 1.

2. Resolution 1 – Remuneration Report

Pursuant to section 250R(2) of the Corporations Act, the Company is required to put the Remuneration Report to the vote of Shareholders. The Annual Report contains a Remuneration Report which sets out the remuneration policy for the Company and reports the remuneration arrangements in place for specified executives and non-executive Directors.

The Corporations Act provides that Resolution 1 need only be an advisory vote of Shareholders.

Therefore, Resolution 1 is advisory only and does not bind the Directors. Of itself, a failure of Shareholders to pass Resolution 1 will not require the Directors to alter any of the arrangements in the Remuneration Report. However, the Board will take the outcome of the vote into consideration when considering the remuneration policy.

The Chairman of the Meeting will allow a reasonable opportunity for Shareholders as a whole to ask about, or make comments on, the Remuneration Report.

Shareholders should note that, if they appoint the Chairman as their proxy and do not direct the Chairman to vote either 'for', 'against' or to 'abstain' from voting on this Resolution, the Chairman will not vote on the adoption of the Remuneration Report unless the Shareholder ticks the relevant box in Step 1 of the Proxy Form acknowledging that the Chairman intends to vote all undirected proxies in favour of the Resolution.

3. Resolution 2 – Re-election of Mr Peter Cockcroft

Rule 6.3 of the Constitution requires that one third of the Directors must retire at each annual general meeting. Rule 6.3 also provides that any Director who so retires is eligible for re-election at that meeting.

Pursuant to Rule 6.3 Mr Peter Cockcroft will retire by rotation and seeks re-election. Peter Cockcroft was appointed a Director on 21 August 2008 and is Chairman of the Company and accordingly resigns and seeks re-election under Resolution 2.

Peter Cockcroft brings to Blue Energy extensive international gas industry experience having trained as a geologist. He has held management and executive positions in many countries with companies such as Shell, BHP, Premier Oil and others. Peter has also worked with the national oil companies of Indonesia and South Korea and as a special adviser to the Prime Minister of Timor-Leste.

Peter is internationally recognised as a Distinguished Lecturer on Risk for the Society of Petroleum Engineers, as well as being a past member of the Reserves Committee for the World Petroleum Congress and the Society of Petroleum Engineers. This international Reserves Committee defined the reserves definitions under which all Australian gas producers (both CSG and conventional) are bound. Peter has considerable experience in managing international energy businesses in the petroleum, gas and power sectors.

The Board believes that Mr Peter Cockcroft has performed the duties and responsibilities of a director diligently and professionally, in the best interests of all Shareholders.

The Board unanimously supports the re-election of Mr Peter Cockcroft.

4. Resolution 3 – Re-election of Ms Karen Johnson

Rule 6.3 of the Constitution requires a Director appointed since the last annual general meeting of the Company to retire at the next annual general meeting. Article 6.3 also provides that any Director who retires is eligible for re-election at that meeting. Ms Karen Johnson was appointed as a Director on 30 September 2011 and accordingly retires and seeks re-election under Resolution 3.

Karen Johnson has over 20 years accounting related experience holding senior roles specialising in audit, assurance, technical consulting and financial accounting engagements within Chartered Accounting firms and American Express Inc. Karen brings excellent investigation, analysis and report writing skills combined with strong technical accounting knowledge and a superior understanding of Australian Accounting and Auditing Standards and has previously provided corporate governance consultancy to many organisations.

The Board believes that Ms Karen Johnson has necessary skills and experience to perform the duties and responsibilities of a director diligently and professionally, in the best interests of all Shareholders.

The Board unanimously supports the re-election of Ms Karen Johnson.

5. Resolution 4 – Appointment of Mr Rodney Cameron

Mr Rodney Cameron seeks appointment as a Director of the Company under Resolution 4.

Rod Cameron has over 30 years industry experience, particularly in the energy and resources industries. He is a seasoned financial executive having been CFO for an ASX listed multinational renewable energy company, as well as an executive director and CFO for a US multinational independent power generation company. Rod has also worked in various management capacities for National Australia Bank, Rio Tinto, Telstra, and Atlantic Richfield Inc.

Rod is an Associate member of the Australian Society CPA's and a Fellow of the Australian Institute of Company Directors whilst also operating a successful management consultancy and corporate finance advisory business.

The Board believes that Mr Rodney Cameron has necessary skills and experience to perform the duties and responsibilities of a director of the Company and will perform the responsibilities of a director diligently and professionally, in the best interests of all Shareholders.

The Board unanimously supports the re-election of Mr Rodney Cameron.

6. Resolution 5 – Ratification of the issue of Shares

Background

On 1 April 2011, the Company announced that it had executed a private placement with a number of institutional and sophisticated investors to raise \$6 million by the issue of 75 million Shares, at \$0.08 per Share (Placement).

Renewal of placement capacity

Under Listing Rule 7.1 a company must not issue more than 15% of its total listed securities in any 12 month period without first obtaining Shareholder approval.

The Company does not require Shareholder approval for the issue of the Shares under the Placement because the Company had the capacity to issue the Shares under Listing Rule 7.1. However, by issuing the Shares the Company has partly exhausted its issuing capacity under Listing Rule 7.1. Listing Rule 7.1, however, provides that an issue of Shares made without specific approval under Listing Rule 7.1 is treated as having been made with approval for the purposes of Listing Rule 7.1 if the original issue did not breach Listing Rule 7.1 and is subsequently approved by Shareholders.

Accordingly, as the issue of Shares did not breach Listing Rule 7.1, the Company wishes to renew its issuing capacity by seeking subsequent Shareholder approval under Listing Rule 7.4. The effect of obtaining Shareholder approval is that the issue of the Shares will be treated as having been made with approval for the purposes of Listing Rule 7.1, and, as a result, the Company's ability to issue the number of Shares permitted under Listing Rule 7.1 without Shareholder approval will not be affected.

The Directors consider it prudent that the Company have that ability and recommend that Shareholders vote in favour of the proposed resolution.

Information required by Listing Rule 7.5

In accordance with Listing Rule 7.5 the Directors provide the following additional information in relation to the issue of Shares under the Placement:

Number of Shares to be issued under the Placement:	75,00,000 Shares
The price at which the Shares were issued:	8 cents per Share
Allottee:	Institutional and sophisticated investors
The terms of the Shares:	The same as other issued Shares in the Company
The use (or intended use) of the funds raised by the Shares:	The proceeds from the issue of the Shares has been used and will enable the Company to significantly progress the work program designed at building gas reserves
Date on which the Shares were issued:	4 April 2011

Voting exclusion

In accordance with Listing Rule 14.11 any person who participated in the Placement described and any of its associates are excluded from voting on this Resolution.

7. Resolution 6 – Approval for the grant of Rights under the Employee Incentive Rights Plan to Mr John Phillips

7.1 Background

The Board has chosen to issue Rights to the Managing Director, Mr John Phillips, as a key component of the incentive portion of his remuneration in order to retain his services and to provide incentive linked to the performance of the Company. As such, the Board believes that the number of Rights to be granted to Mr Phillips is commensurate with his value to the Company. The Rights are proposed to be issued in two tranches with differing vesting requirements. If the Rights vest, Mr Phillips will either be issued Shares in the Company, or the trustee of the Blue Energy EST will acquire Shares for the purpose of allocating them to Mr Phillips. Mr Phillips will not be able to sell or otherwise dispose of the Shares issued or allocated to him on vesting of the Rights until the Company notifies him otherwise in accordance with the Employee Incentive Rights Plan (EIRP).

The Board has utilised its discretion within the rules of the EIRP and determined that the Share Offer Price will be calculated as at 30 June 2010, not 30 June 2011. This has the effect of reducing the number of rights issued under the EIRP by 48% and setting higher performance hurdles for Mr John Phillips.

Given the speculative nature of the Company's activities, it is considered the performance of the Managing Director and the performance and value of the Company are closely related. As such, the Rights granted will generally only be of benefit to Mr Phillips if:

- In respect of the Retention Rights, he continues to be employed (other than in certain circumstances described in paragraph 21 of Schedule 2) at 30 June 2014; and
- In respect of the Performance Rights, he performs to the level whereby the value of the Company increases sufficiently in accordance with the offer conditions in Schedule B of Schedule 2. In addition, other than in certain circumstances described in paragraph 21 of Schedule 2, Mr Phillips must remain an employee of the Company until 30 June 2014 for the Performance Rights to vest.

If Mr Phillips ceases to be an employee prior to 30 June 2014 (other than in certain circumstances including a change in control of the Company) the Rights will immediately lapse.

7.2 Proposed Shareholder approval

Shareholder approval is sought for the issue of a total of 3,467,000 Rights (being 267,000 Retention Rights and 3,200,000 Performance Rights) to Mr John Phillips. Mr Phillips is a related party for the purpose of Chapter 2E of the Corporations Act.

The issue of Rights to Mr Phillips will constitute the giving of a financial benefit to a related party under section 229(3)(e) of the Corporations Act and consequently, approval under section 208 of the Act is sought.

Listing Rule 10.14 also requires the approval of Shareholders before securities (which include rights to acquire Shares) can be issued to Mr Phillips under the Employee Incentive Rights Plan.

If Resolution 6 is passed, Listing Rule 10.12 (exception 4) exempts the Company from any requirement for approval under Listing Rule 10.11 for the grant of the Rights to Mr Phillips. Approval under Listing Rule 7.1 is not required as the issue of securities under the Employee Incentive Rights Plan was approved by Shareholders at the 2010 Annual General Meeting.

7.3 Information required by Listing Rule 10.15 and section 219 of the Corporations Act

For the purposes of Listing Rule 10.15 and section 219 of the Corporations Act information regarding the Rights is provided as follows:

Terms and Conditions of the Rights

The terms and conditions of the Rights are detailed in Schedule 2.

Maximum Number of Rights to be Issued

3,467,000 Rights to be issued in 2 tranches

Tranche1 267,000 Retention Rights

Tranche 2 3,200,000 Performance Rights

Retention Rights are Incentive Rights where vesting is based on the holder of the Retention Right remaining employed by the Company for a period of 3 years from the date of issue of the Retention Right. Each Retention Right converts to 1 Share.

Eligible participants and previous Rights issued

No Director other than Mr Phillips is eligible to receive Rights under the Employee Incentive Rights Plan. Mr Phillips has previously received a total of 3,467,000 Rights (being 267,000 Retention Rights and 3,200,000 Performance Rights) as approved at the 2010 annual general meeting with a nil acquisition price. No other Rights have previously been issued to Directors under the Employee Incentive Rights Plan.

Consideration Paid for the Rights

The Rights (and any Shares issued or acquired when the Rights vest) would be issued for nil consideration and as such, no funds will be raised by the issue of the Rights.

No loan has or will be granted in relation to the issue of the Rights.

Issue of Rights

If Resolution 6 is passed, the Company will issue the Rights no later than one month after the date of the Meeting (or such longer period of time as ASX may in its discretion allow).

Managing Directors' Remuneration

The total current annual base remuneration of Mr Phillips is \$400,000.

Mr Phillips is also entitled to reimbursement of all reasonable travelling, accommodation and other expenses properly incurred in the course of the Company's business. The Company can at its discretion meet the cost, and currently does meet the cost of, life insurance and income protection insurance to all employees, including Mr Phillips. Other than as set out in this Notice, Mr Phillips does not receive any other emoluments.

The exact amount of Mr Phillips' annual base remuneration in future years is not currently known but it is anticipated that it will be similar to that received by him for the current year.

Managing Directors' Current Shareholding

Mr Phillips current shareholding (held directly or indirectly) is 54,799 shares.

Valuation of the Rights

A valuation of the Rights has been obtained and, on the basis of the assumptions set out below, the technical value of the Rights is as follows:

Tranche	Number of Rights	Value per Right	Probability of Vesting	Total Value of Rights
Tranche 1	267,000	\$0.064	75%	\$12,816
Tranche 2	3,200,000	\$0.026	50%	\$41,600

This valuation imputes a total value of \$54,416 to the Rights. This value may go up or down after the date of valuation as it will depend on the future price of the Binomial methodology used, together with the following assumptions:

- the risk free rate is the Commonwealth Government securities rate with a maturity date approximating that of the expiration period of the Rights;
- the underlying security spot price used for the purposes of this valuation is based on the price of the Shares as at 30 June 2011;
- the recent volatility of the share price using Hoadley's volatility calculator, using data extracted from Bloomberg;
- for the purposes of the valuation, no future dividend payments have been forecast;
- the valuation has been undertaken based upon meeting the 100% of the performance targets;
- for the purposes of the valuation it is assumed that the Rights will not vest any earlier than 30 June 2014; and
- for the purposes of the valuation it is assumed there is a 75% probability that the Tranche 1 (Retention Rights) will vest and be exercised and a 50% probability that the Tranche 2 (Performance Rights) will vest.

The Board believes, having taken appropriate expert advice on the matter, that this valuation model is appropriate in the circumstances. The Board has not used any other valuation or model in proposing the terms or number of the Rights.

The Board has decided to issue the number of Rights proposed because independent expert advice it has received indicates that the Rights proposed to be granted to Mr Phillips is appropriate in the circumstances.

Dilutionary Effect

The following table demonstrates the dilution of all other Shareholders' holdings in the Company upon the vesting of Mr Phillips Rights issued under Resolution 6:

Shares on issue at date of this Notice	722,488,256
Shares issued assuming vesting of all Rights under Resolution 6	3,467,000
Total Shares on issue assuming vesting of all Rights under Resolution 6	725,955,256
Dilutionary effect (approximately)	0.48%

Mr Phillips currently holds, directly or indirectly, 54,799 Shares. If all of the Rights to be issued under this Resolution 6 vest and Shares are issued or acquired, he will hold 3,521,799 Shares. Subject to no further Shares being issued between the date of this Notice and the date that the last of his Rights vests, Mr Phillip's holding will represent 0.485% of the issued capital of the Company.

Other Information

Under the accounting standard AASB Share Based Payments, the Company would recognise the fair value of Rights granted to Mr Phillips as an expense of \$54,416 in its income statement with a corresponding adjustment to equity. This valuation is not and should not be taken to be audited financial information.

For the 12 months prior to 23 September 2011, the Company's shares traded on the ASX in a range from \$0.150 to \$0.060. As at the close of 23 September 2011, the Company's shares were quoted at \$0.092.

7.4 Voting Exclusion and proxies

In accordance with Listing Rule 14.11 and section 224(1) Corporations Act, Mr Phillips and an associate of Mr Phillips are excluded from voting on this Resolution.

Shareholders should note that, if they appoint the Chairman as their proxy and do not direct the Chairman to vote either 'for', 'against' or to 'abstain' from voting on this Resolution, the Chairman will not vote on the adoption of the Remuneration Report unless the Shareholder ticks the relevant box in Step 1 of the Proxy Form acknowledging that the Chairman intends to vote all undirected proxies in favour of the Resolution.

7.5 Recommendation

No Director, other than Mr Phillips, has an interest in the outcome of Resolution 6. Each Director not eligible to participate in the Employee Incentive Rights Plan (being each Director other than Mr Phillips) recommends that this resolution 4 be approved because they consider that the issue of the Rights to Mr Phillips will provide appropriate incentive to maximise the return to Shareholders over the long term to assist in developing a unity of purpose for both the Managing Director and the Shareholders.

8. Resolution 7 – Approval of Shares to be Issued

8.1 Background

Listing Rule 7.1 provides that (subject to certain exceptions) prior approval of Shareholders is required for issue of securities if the securities will, when aggregated with the securities issued by the Company during the previous 12 months, exceed 15% of the number of Shares on issue at the commencement of that 12 month period.

Resolution 5 proposes approval for the issue of Shares on the terms set out below, for the purpose of satisfying Listing Rule 7.1.

8.2 ASX Listing Rules

In accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 7.

If approval is obtained:

- Up to 100,000,000 Shares may be issued;
- The Shares will be issued no later than 3 months after the date of the Meeting;
- The Shares will be issued for a minimum price that is at least 80% of the volume weighted average market price for the Shares, calculated over the last 5 days on which sales in the Shares were recorded before the date on which the issue is to be made;
- The Shares will be issued to “sophisticated” and “professional” investors (as defined in the Corporation Act);
- The Shares will rank equally in all respects with the Company’s existing ordinary shares on issue;
- Funds raised by the issue of Shares will be used to fund the Company’s exploration and development projects in the next year; and
- Allotment of the Shares may occur progressively.

Voting exclusion

The Company will disregard any votes cast on this Resolution by any person who may participate in the proposed issue and any person who might obtain a benefit, except a benefit solely in the capacity of a holder of ordinary securities, if the resolution is passed, and any of their associates.

9. Action to be taken by Shareholders

Shareholders should read this Explanatory Memorandum carefully before deciding how to vote on the Resolutions.

A Proxy Form is attached to the Notice. This is to be used by Shareholders if they wish to appoint a representative (a “proxy”) to vote in their place. All Shareholders are invited and encouraged to attend the Meeting or, if they are unable to attend in person, to sign and return the Proxy Form to the Company in accordance with the instructions provided below.

1. Purpose

This Blue Energy Limited Incentive Rights Plan (the Plan) is governed by the rules contained in this document (the Rules or Plan Rules). The purposes of the Plan include to:

- ensure that employees have commonly shared goals related to producing relatively high returns for shareholders,
- assist employees to become shareholders in Blue Energy Limited (Blue Energy),
- provide a component of remuneration to enable Blue Energy to compete effectively for the calibre of talent required for it to be successful, and
- help retain employees, thereby minimising turnover and stabilising the workforce.

The Plan has been designed to deliver a combination of cash and Shares based on achievement of service and performance criteria.

2. Dictionary

Explanations of terms and abbreviations used in these Rules are contained in Schedules A and B.

In the event of a conflict between the Plan Rules, the ASX Listing Rules and/or the Corporations Act, ASX Listing Rules and/or the Corporations Act shall prevail.

3. Administration

This Plan will be administered by the Board of Blue Energy, but it may delegate responsibility to a committee of the Board in relation to all Participants or to the Managing Director in relation to Participants other than the Managing Director. The Board is authorised, subject to the provisions of these Rules, to establish such guidelines for the administration of the Plan as are deemed appropriate, and to make determinations under the Plan as may be deemed necessary or advisable from time to time. Such determinations shall be conclusive and binding on all Participants.

4. Eligibility

All full-time and permanent part-time employees of Blue Energy and its subsidiary companies are eligible to become Participants in the Plan.

Casual employees and independent contractors are not eligible to participate.

5. Offers

The Plan will operate through a series of Offers of Incentive Rights. The Board will in its absolute discretion determine in respect of each Offer those Eligible Employees to whom Offers will be made.

Each Offer may contain terms and conditions that vary between Offers. The terms and conditions that apply to an Offer are to be determined by the Board and once determined are deemed to form part of Schedule B to these Rules.

6. Participants

Eligible Employees who are offered and accept Incentive Rights will be referred to as Participants in the Plan. They will remain Participants until all Incentive Rights they have been granted have either lapsed or been paid out after vesting.

Being made an Offer or Offers under the Plan does not guarantee nor confer any entitlement to receive any other Offer under the Plan.

The form of the Offer of Incentive Rights to selected employees shall be determined by the Board in its discretion from time to time.

7. Incentive Rights

Two types of Incentive Rights may be offered to Participants being:

- Retention Rights which vest based on completion of a period of service, and
- Performance Rights which vest based on achievement of specified performance objectives.

8. Offer of Retention Rights

When Offers are made to selected Eligible Employees they will be advised of the number of Retention Rights, if any, that they are offered. The number of Retention Rights offered to a Participant will be calculated by applying the following formula unless otherwise determined by the Board:

$$\text{Number of Retention Rights} = \text{Participant's Base} \times \text{Target Retention LTI\%} \div \text{Right Value}$$

For example: for a Participant in an Executive Team member with a Target Retention LTI% of 10% and a Right Value of \$0.20 (see later example calculations) the number of Retention Rights would be calculated as follows and would be rounded to the nearest 1,000 unless otherwise determined by the Board:

$$\begin{aligned} \text{Number of Retention Rights} &= \text{Participant's Base} \times \text{Target Retention LTI\%} \div \text{Right Value} \\ &= \$300,000 \times 10\% \div \$0.20 \\ &= \$30,000 \div \$0.20 \\ &= 150,000 \end{aligned}$$

Target Retention LTI%s for categories of Eligible Employees are specified in Schedule B in relation to each Offer.

9. Offers of Performance Rights

When Offers are made to selected Eligible Employees they will be advised of the number of Performance Rights, if any, that they are offered. The number of Performance Rights offered to a Participant will be calculated as follows and would be rounded to the nearest 1,000 unless otherwise determined by the Board:

$$\text{Number of Performance Rights} = \text{Participant's Base} \times \text{Target Performance LTI\%} \div \text{Adjusted Right Value}$$

For example: for a Participant in a Direct Report role with a Base of \$300,000, a LTI% of 40% and an Adjusted Right Value of \$0.10 (see later example calculations) the number of Performance Rights would be calculated as follows:

$$\begin{aligned} \text{Number of Performance Rights} &= \text{Participant's Base} \times \text{Target Performance LTI\%} \div \text{Adjusted Right Value} \\ &= \$300,000 \times 40\% \div \$0.10 \\ &= \$120,000 \div \$0.10 \\ &= 1,200,000 \end{aligned}$$

If the Target Performance LTI% is divided into multiple tranches of Performance Rights then the Target Performance LTI% will be adjusted for each tranche to reflect the portion of the Target Performance LTI% to be provided in that tranche.

Target Performance LTI%s for categories of Eligible Employees are specified in Schedule B in relation to each Offer.

10. Right Value and Adjusted Right Value

For purposes of determining the number of Incentive Rights to be allocated under the Plan the Right Value and Adjusted Right Value will be calculated as indicated below.

The Right Value will be taken as the Offer Share Price reduced by the expected dividends over the minimum vesting period under the Offer. Unless otherwise determined by the Board, the minimum expected dividends will be calculated by multiplying the most recent annual amount of dividends by the minimum term, expressed in years, of the Measurement Period.

Thus, if the Offer Share Price was \$0.20, annual dividends were nil cents p.a. and the minimum vesting period were 3 years then the Right Value would be \$0.20 calculated as follows:

$$\begin{aligned}\text{Right Value} &= \text{Offer Share Price} - (\text{Annual Dividend} \times \text{Minimum Vesting Period}) \\ &= \$0.20 - (\$0.00 \times 3) \\ &= \$0.20 - \$0.00 \\ &= \$0.20\end{aligned}$$

The Adjusted Right Value will be determined by multiplying the Right Value by the probability of vesting as determined by the Board having regard to the vesting conditions attached to the Performance Rights. Unless otherwise determined by the Board the probability of vesting will be 50%. The Adjusted Right Value would be calculated as follows:

$$\begin{aligned}\text{Adjusted Right Value} &= \text{Right Value} \times \text{Probability of Vesting} \\ &= \$0.20 \times 50\% \\ &= \$0.10\end{aligned}$$

11. Withdrawal of Offers

The Board may at its absolute discretion withdraw an offer at any time including after it has been accepted by a Eligible Employee provided that the Company has not granted the Incentive Rights that were the subject of the Offer.

Situations in which such withdrawals may occur include when the Board becomes aware that the employment of an Eligible Employee will cease in the near term.

12. Acceptance of Offers of Incentive Rights

The form in which Offers may be accepted shall be determined by the Board in its discretion from time to time. In accepting an Offer the Participant will be agreeing to be bound by these Rules.

Offers may be accepted or rejected but may not be partially accepted.

13. Incentive Rights May Not Be Transferred or Encumbered

An Incentive Right may not be transferred or otherwise dealt with (including for purposes of this Rule, be disposed of, encumbered, made subject to any interest in favour of any other person) and lapses immediately on purported transfer or dealing unless the Board, in its absolute discretion, approves the transfer or dealing or the transfer is effected by operation of law on death or legal incapacity to the Participant's legal personal representative.

14. Granting of Incentive Rights

The Company will use reasonable endeavours to grant the Incentive Rights subject to an offer and acceptance, unless otherwise withdrawn in accordance with clause 11, with 1 month of the offer been accepted

15. Measurement Periods

The Measurement Period applicable to each tranche in each Offer will be specified in Schedule B. The Measurement Periods will relate to periods where service and performance conditions must be satisfied for Retention Rights and Performance Rights, respectively, to vest.

16. Performance Measures

Performance Measures are service and/or performance conditions that need to be satisfied for Incentive Rights to vest. They are specified in Schedule B, along with the relationship between various potential levels of performance and levels of vesting that may occur. Performance conditions will be determined for each tranche of each Offer by the Board and may vary between Offers.

17. Vesting of Incentive Rights

Following the end of the Measurement Period, the Board will determine for each tranche of Incentive Rights to which the Measurement Period applies, the extent to which they vest. The steps involved are as follows:

Step	Process
1	Determine actual performance in relation to the Performance Measure.
2	Determine the vesting percentage from the Vesting Scale relevant to the tranche of Incentive Rights. For example: if Blue Energy's TSR were 20% per annum compound then the vesting percentage would be 37.5% (see Schedule B 31.1, Item 4 table 1).
3	If vesting occurs in relation to a tranche then a cash award of \$1,000 (pre PAYE tax) will be payable to the Participant in relation to that tranche. It will be paid via Payroll with PAYG tax deducted. For example, if vesting occurs in relation to 2 tranches then the Participant would receive a \$2,000 cash award.
4	Determine the number of Incentive Rights of each type that are held in relation to the Offer after taking into account Rules 17 and 19.
5	Determine the number of Incentive Rights of each type to vest by multiplying the vesting percentage by the number of Incentive Rights of each type held.
6	Calculate the Vested Rights Value for each tranche by multiplying the relevant number of vested rights in the tranche by the relevant Vesting Share Price.
7	If the Vested Rights Value for a tranche is more than \$1,000 then the Participant will be entitled to Restricted Shares. The number of Restricted Shares will be determined by dividing the excess of the Vested Rights Value for the tranche over \$1,000 by the relevant Vesting Share Price.

18. Lapsing of Incentive Rights

If Incentive Rights in a tranche have not vested and there is no opportunity for those Incentive Rights to vest at a later date then they lapse. Typically this will be following testing of Incentive Rights if they fail to vest.

19. Restricted Shares

The Company will either issue Restricted Shares to Participants or arrange for them to be acquired for the Participant's benefit by the trustee of the Blue Energy EST. When Shares are to be acquired by the Blue Energy EST, the Participant's employer or Blue Energy will contribute the then market value of the Shares to be acquired to the trustee of the Blue Energy EST and the trustee shall apply those funds to acquire Shares by on-market purchase or subscription to a new issue as directed by the Board of Blue Energy.

Restricted Shares means that they may not be sold or otherwise disposed of by Participants until first advised by the Company, which the Company shall do at the first opportunity to do so, when Shares may be sold without breaching the insider trading provisions of the Corporations Act or the Company's share trading policy.

20. Bonus Issues, Rights Issues and Capital Reorganisation

In cases of bonus share issues by the Company the number of Incentive Rights held by a participant shall be increased by the same number as the number of bonus shares that would have been received by the Participants had the Incentive Rights been fully paid ordinary shares in Blue Energy.

In the case of general rights issues (other than Incentive Rights) to Blue Energy shareholders there will be no adjustment to the Incentive Rights. However, the Board may consider issuing options:

- a) of a number up to the number of shares to which the Participant would have been entitled had the Incentive Rights been fully paid ordinary shares in Blue Energy, and
- b) the exercise price of such options will be equal to the amount payable by Blue Energy shareholders to exercise a right to acquire a share.

In the case of all other issues of securities there will be no adjustment to the Incentive Rights.

In the case of other capital reconstructions the Board may make such adjustments to the Incentive Rights as it considers appropriate with a view to ensuring that holders of Incentive Rights are neither advantaged nor disadvantaged.

21. Termination of Employment

The following table indicates the treatment of unvested Incentive Rights at the date of termination of employment.

Termination Circumstance	Unvested Retention Rights	Unvested Performance Rights
Dismissal (termination for cause)	All are forfeited.	All are forfeited.
Resignation	All are forfeited unless and to the extent otherwise determined by the Board.	All are forfeited unless and to the extent otherwise determined by the Board.
Death	Retention Rights granted in the financial year of termination of employment are forfeited in the same proportion as the remainder of the financial year bears to the full financial year. Retention Rights that do not lapse at the termination of employment will continue to be held by Participants with a view to testing for vesting at the end of the Measurement Period. If the share price at the date of testing is less than the share price at the date of termination of employment then all unvested Retention Rights lapse. If the share price at the date of testing is not less than the share price at the date of termination of employment then Retention Rights granted in the financial year of termination and prior years that have not been forfeited will vest. Retention Rights vesting will be dealt with pursuant to Rules 16 and 18.	Performance Rights granted in the financial year of termination of employment are forfeited in the same proportion as the remainder of the financial year bears to the full financial year. Performance Rights that were granted in a year prior to the year of termination of employment and were first test for vesting not later than the date of termination of employment, will be forfeited. Performance Rights that do not lapse at the termination of employment will continue to be held by Participants with a view to testing for vesting at the end of the Measurement Period. If the share price at the date of testing is less than the share price at the date of termination of employment then all unvested Performance Rights lapse. If the share price at the date of testing is not less than the share price at the date of termination of employment then Performance Rights granted in the financial year of termination and prior years that have not been forfeited will be tested once for vesting at the end of the Measurement Period. If they do not vest at that time then they will be forfeited. Performance Rights vesting will be dealt with pursuant to Rules 16 and 18.
Total Permanent Disablement (termination for illness)		
Retirement with the approval of the Board		
Company initiated termination without cause e.g. retrenchment and redundancy		

22. Change-In-Control Including Takeover

In the event of a change-in-control including a takeover the vesting conditions attached to the tranche at the time of the Offer will cease to apply and the following approach will apply to determining the extent, if any, of vesting.

In the event of a change-in-control including a takeover, unvested Incentive Rights will vest in the proportion that the Company’s share price has grown since the date of grant of the Incentive Rights or such greater proportion as determined in the discretion of the Board. Maximum vesting is 100%.

In determining whether the Share Price has increased the current Blue Energy Share Price (offer price in the case of a takeover offer) is to be compared to the Offer Share Price for that tranche.

For example, if the Offer Share Price for a tranche were \$0.12 and the successful takeover offer were at \$0.18 then 50% $((\$0.18 - \$0.12) \div \$0.12)$ would be the percentage of the unvested Incentive Rights to vest. Any Incentive Rights that do not vest would lapse.

23. Fraud, Gross Misconduct etc

In the event that the Board forms the opinion that a Participant has committed an act of fraud, defalcation or gross misconduct in relation to Blue Energy, the Participant will forfeit all unvested Incentive Rights.

24. Plan Limits

In the case of an offer of new Shares for issue, the number of Shares, the subject of the offer when aggregated with:

- a) the number of Shares in the same class which would be issued were each outstanding offer with respect to the Shares, units of Shares and options to acquire unissued Shares under any employee incentive scheme to be accepted or exercised (as the case may be); and
- b) the number of Shares in the same class issued during the previous 5 years pursuant to the Plan or any other employee incentive scheme extended only to Employees or directors of a Group Company, but disregarding any offer made, or option acquired or Share issued by way of or as a result of:
- c) an offer to a person situated at the time of the receipt of the offer outside Australia; or
- d) an offer that was an excluded offer or Invitation within the meaning of the Corporations Act as it stood prior to the commencement of Schedule 1 to the Corporate Law Economic Reform Program Act 1999; or
- e) an offer that did not need disclosure to investors because of Section 708 of the Corporations Act;
- f) or an offer that did not require the giving of a Product Disclosure Statement because of Section 1012D of the Corporations Act; or
- g) an offer made under a disclosure document or Product Disclosure Statement, must not exceed 5% of the total number of issued Shares in that class of the Company at the time of the offer.

25. Board Determinations and Amendment of the Plan

A determination by the Board or a Committee or a delegate of the Board may be evidenced by minutes of a meeting of the Board or Committee or a record of a determination by the delegate (as applicable). Any such minute or determination shall be prima facie evidence of the determination in the absence of manifest error.

The Board may at any time by written instrument, or by resolution of the Board, amend or repeal all or any of the provisions of the Rules, including this rule.

No amendment to or repeal of the Rules is to reduce the existing rights of any Participant in respect of any Offers that had commenced prior to the date of the amendment or repeal, other than with the consent of the Participant or where the amendment is introduced primarily:

- for the purpose of complying with or conforming to a present or future State, Territory or Commonwealth legal requirement governing, regulating or effecting the maintenance or operation of the Plan or like plans;
- to correct any manifest error or mistake;
- to address possible adverse tax implications for Participants generally or Blue Energy arising from:
 - a ruling of any relevant taxation authority;
 - a change to tax legislation or the application or termination of the legislation or any other statute or law (including an official announcement by any relevant taxation or government authority);
 - a change in interpretation of tax legislation by a court of competent jurisdiction or by any relevant taxation authority; or
 - to enable Blue Energy to comply with the Corporations Act, Companies Act or the Listing Rules.

26. Not Exclusive Method of Incentive

This Plan shall not be an exclusive method of providing incentive compensation for employees of Blue Energy, nor shall it preclude Blue Energy from authorising or approving other forms of incentive compensation.

27. No Right to Continued Employment

Neither the establishment of the Plan nor receipt of an Offer nor the payment of an award nor the vesting of Rights or any other action under the Plan shall be held to confer upon any Participant the right to continue in the employment of Blue Energy or affect any rights Blue Energy may have to terminate the employment of the Participant.

28. Relationship to Other Plans

Participation in the Plan shall not affect or be affected by participation in or payment under any other plan of Blue Energy, except as otherwise determined by the Board.

29. Governing law
